It is my client's belief that the best interests of James are not being served, and that the continued usage of these and similar medications will actually be more detrimental to James than helpful, even potentially permanently damaging.

I urge you on behalf of both my client and James to look into this issue in your capacity as Special Advocate

Sincerely,

A handwritten signature in black ink, appearing to read "Thomas A. Davis, III". The signature is written in a cursive style with a long, sweeping horizontal line extending to the left.
